**MINUTES OF MEETING (02<sup>nd</sup> January 2021)**

SI No.	TOPICS DISCUSSED
1.	The Board committee members had gone through the portfolios of Architectural Design, Basic Design, Architectural Graphics, Urban Design and Architectural Thesis Projects done by the students in the Academical year 2019-20. They appreciated the design progress and they gave their valuable inputs to add on more number of external reviews by the practicing Architects which helps in improving the process and preparing the students for facing the practical aspects in the field.
2.	The portfolios of subjects like Material and Methods of Construction, Structures and Course files (including question banks, Site visit reports, blue books, Internal Assessment evaluation process and schemes) of subjects like Building Services, Specification & Costing which are technically oriented are gone through the board members. They advised to increase the number of site visits on these technical subjects to ensure the practical knowledge in students.
3.	The evaluation process of Studio and theory subjects is explained to the committee members, which involves the reviews by external practicing architects, subject oriented seminars and presentations, internal assessment written exams.
4.	The board members had also gone through the Course files (including question banks, Site visit reports, blue books, Internal Assessment evaluation process and schemes) of Humanities and environment oriented subjects like History of architecture, Sociology & Building economics, Landscape Architecture etc.
5.	The Department Vision & Mission along with Course outcomes and Program outcomes of the curriculum is discussed
6.	The Documented reports of site visits and student seminars on the elective subjects like Vernacular Architecture, Heritage Documentation, Alternative Building Materials etc, were gone through by the committee members and been appreciated.
7.	The committee members appreciated the dedication of the faculties on taking time out of their Academical teaching for presenting their research papers in various universities, journals, attending the subject related seminars, workshops and being updated by doing NPTEL courses of various subjects.
8.	The Committee also acknowledged the activities and dedication of the department towards being socially responsible through NSS activities at college and department level in various surrounding government schools by painting and educating the students on environment importance.
9.	Other than COA-NIASA thesis award program, the committee advised to encourage the students to take part in showcasing their studio works on various competitive platforms to get a better exposure on where they stand in the current situation.

10.	The board has been appraised by the Director about the calendar of events which comprises of training programs, workshops, guest lectures and educational tours scheduled in academic year 2019-20 and gave few valuable ideas to incorporate in the coming academic year 2020-21.
11.	Dignitaries appreciated the College Management for supporting the Faculties and departmental activities particularly during the tough time like Covid-19 pandemic.
12.	The Committee appreciated the initiatives taken by the Director on outreach programs and Go Green activities and sensitizing students on issues like water saving, Energy saving, sustainability, Recycling, universal design etc... In this connection the committee appreciated the involvement of the faculties in conducting Lectures/Webinars on Go-Green initiatives during Lock down period.
13.	The Committee Members advised to give more focus on Establishment Consultancy cell in the department so that students can participate in Live project designing.
14.	The members advised faculties to publish the complied academic works of students and department activity reports under the domain of public libraries.

**SCHOOL OF ARCHITECTURE**  
**ANNUAL ACADEMIC AUDIT**

Description	Remarks
<u>DESIGN</u> * Architectural Design * Basic Design * Urban Design * Architectural Design Project * Architectural Graphics	<i>SMART WORK</i> Reviewing the works of the school to school, there seems to be a phenomenal improvement in all the design assimilation by the students and associating it with the urban cultural scenario & presentation.
<u>TECHNOLOGY</u> * Materials and Methods of Construction * Building Structures * Building Services * Specification, Quantity & Site Surveying	<i>FINE JOB</i> As the faculty has already been introducing the students to the active site visits & factories for procurement of building materials, quality of good construction procedure.
<u>HUMANITIES AND ENVIRONMENT</u> * History of Architecture * Humanities * Landscape Architecture * Sociology and Economics * Professional Practice * Town Planning * Electives	<i>VERY GOOD</i> The awareness and development of self committed approach to each architect to abide by environment / society & economic & render a better structure to suit its surroundings. * Creating planners who are professionally sound & have communication skills to express for.
* Papers/Books Authorized and published by the Faculty	* Updated staff publications
* Seminar /Workshops	* frequent workshops organised.
* Initiative to Address Societal Concerns	* <i>congrats</i> : on contributing to school children, activity skill inputs, providing interactive programs.
* Study Tour	* portfolios presented by each thesis programme.
* Participation in NASA & COA	
* Thesis Award Programme

**ANNUAL ACADEMIC AUDIT**

Description	Remarks
<p><u>DESIGN</u></p> <ul style="list-style-type: none"> <li>* Architectural Design</li> <li>* Basic Design</li> <li>* Urban Design</li> <li>* Architectural Design Project</li> <li>* Architectural Graphics</li> </ul>	<p>Good portfolios but the designs can be guided more based on practical world. Building services and all can be included in architecture design studios with the design. Architectural graphics can be cad oriented.</p>
<p><u>TECHNOLOGY</u></p> <ul style="list-style-type: none"> <li>* Materials and Methods of Construction</li> <li>* Building Structures</li> <li>* Building Services</li> <li>* Specification, Quantity &amp; Site Surveying</li> </ul>	<p>Building services should be considered in academics based on the practical practices.</p>
<p><u>HUMANITIES AND ENVIRONMENT</u></p> <ul style="list-style-type: none"> <li>* History of Architecture</li> <li>* Humanities</li> <li>* Landscape Architecture</li> <li>* Sociology and Economics</li> </ul>	<p>Theory subjects are very well thought and may be the theory used in real practices can be focused.</p>
<ul style="list-style-type: none"> <li>* Professional Practice</li> <li>* Town Planning</li> <li>* Electives</li> </ul>	<p>Electives can be more engaging and can be more practical based rather than theoretical. Colleges can provide professional graphics opportunities to students.</p>
<p>* Papers/Books Authorized and published by the Faculty</p>	<p>Good, may be students can be encouraged to work on their own.</p>
<p>* Seminar /Workshops</p>	<p>The quantity of seminars and workshops are very good.</p>
<p>* Initiative to Address Societal Concerns</p>	<p>This is a good exposure to students.</p>
<p>* Study Tour</p>	<p>Study tours are give a lot of exposure to students. Helps to analyse things in different perspective than the theory.</p>
<p>* Participation in NASA &amp; COA</p>	<p>Nasa participation is also helpful.</p>
<p>* Thesis Award Programme</p>	<p>Thesis award programme is also helpful.</p>
