## DEPARTMENT OF INFORMATION SCIENCE

Dr.K.Rama Abirami introduced the Chief Guest to the Audiences. The session was handled by **Dr. Bharat N Suryawanshi, Assistant Controller of Patents & Designs, RGNIIPM Nagpur.** A briefing on the session is given below.

### Introduction:

Intellectual property is a category of property that includes intangible creations of the human intellect, and primarily encompasses copyrights, patents, and trademarks. It also includes other types of rights, such as trade secrets, publicity rights, moral rights, and rights against unfair competition. Artistic works like music and literature, as well as some discoveries, inventions, words, phrases, symbols, and designs can all be protected as intellectual property.

Overview of IPR training Office and skill development program was also explained by the resource person.

## DEPARTMENT OF INFORMATION SCIENCE

Dr. Bharat N Suryawanshi explained about the IPR and background of Intellectual Property as Tangible and Intangible. He then gave broad categories of IPR as Exclusive Right, Territorial Right and Licensable Right. The resource person gave introduction about patent. A patent is an exclusive right granted for an invention, which is a product or a process that provides a new way of doing something, or offers a new technical solution to a problem. The limited monopoly right granted by the state enables an inventor to prohibit another person from manufacturing, using or selling the patented product or from using the patented process, without permission. The time period of patent is about 20 years. Also, he added about the inventions and discoveries. He also gave an invention example, Grass-Roots Innovation designed by Vikram Dinubhai Panchal of the National Institute of Design, Ahmedabad.

The resource person explained about trademarks or brand name. Then he brief about Geographical Indication. It is an indication which identifies goods as agricultural goods,
