### NSS UNIT OF DSATM

#### A Report on GREENER INDIA, GREATER INDIA – 2K18

NSS unit of DSATM had organized one day awareness program **GREENER INDIA, GREATER INDIA – 2018** at the government higher primary school, Lagumena halli a small village near Ghati Subramanya Taluk, Dodaballapur. The program was organized by NSS Unit and the Department of Mechanical Engineering and Civil Engineering at DSATM. The program focused on creating the awareness about the importance of developing and sustaining the greener environment around us. The theme was executed by a group of civil department 3<sup>rd</sup> year engineering students and staff along with the NSS program officer of the institute Shylesh K S.

A day full of activity started off by delivering the motivational talk about the importance of higher education, participation in sports and other co curricular activities such as cultural activities and volunteering services for the higher primary school children. Followed by this the kids were given a theme of Our Surrounding and the kids were given an opportunity to paint the drawings so that they could exhibit their creativity. The students were motivated and supported by our civil engineering department students. Followed by the drawing activity the students were made to be a part of the tree planting activity. Our institute students along with the school kids planted the saplings around the school. The program was concluded by distributing the Basic Educational kit comprising the Construction box, coloring pencils, note books, and an one sided books to document the good deeds they do every day.
