About the Topic:

The UHV Refresher 1 workshop is aimed at self-development and with that base, preparing to teach UHV-I. Happiness is to be in a state of harmony. The expanse of our living is at four levels (individual human being, family, society and nature/existence), and thus the program for continuity of happiness is to be in harmony at all these levels. Prosperity is the feeling of having more than required physical facility.

Details about the event:

The slide shows a flowchart with four boxes: (1) Present effort, (2) Expect to become something, (3) Expect to get/do something, and (4) Expect to be happy and prosperous. Below this, it states: 'These are steps toward our basic aspiration. The right way is to move from 4 to 1'. It also includes a section for 'Fulfilling Life' with questions like 'Which one is your basic aspiration (1 or 2 or 3 or 4)?' and 'Find out if you take any steps for being unhappy or deprived!'.

The slide is titled 'Life with Clarity of Basic Aspiration (Goal)'. It lists three points: (1) Our basic aspiration (human goal) is very clear – the destination is fixed, (2) We know our current state (right evaluation), and (3) We plan steps that connect and lead to the fulfillment of basic aspiration – direction is definite. It features a diagram with a red arrow pointing from '(2)-Current State' to '(1)-Basic Aspiration', with the text 'Thinking, doing something, Expect to become something, Expect to get/do something' along the arrow. It also states 'Our basic aspiration is definite. It does not keep changing (It seems to be the same for all human beings)'.
